NOTICE

20) THE INSTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual Shareholders holding shares in demat mode.

Step 2: Access through CDSL e-Voting system in case of Shareholders holding shares in physical mode and non-individual Shareholders in demat mode.

- The voting period begins on Friday, 26th September, 2025 at 09.00 a.m. (IST) and ends on Monday, 29th September, 2025 at 05.00 pm (IST). During this period Shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the Cut off Date of 23rd September, 2025 may cast their vote electronically. Three voting module shall be disabled by CDSL for voting thereafter.
- Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.

ii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CRP/2020/242 dated 09.12.2020, under Regulation 44 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its Shareholders, in respect of all Shareholders' resolutions. However, it has been observed that the participation by the public, non-institutional Shareholders/retail Shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the Shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual Shareholders holding shares in demat mode.

iv) In terms of the aforesaid SEBI Circular no. SEBI/HO/CFD/CMD/CRP/2020/242 dated 9th December, 2020 on e-Voting facility provided by Listed Companies, individual Shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email id in their demat accounts in order to access e-Voting facility.

Pursuant to the aforesaid SEBI Circular, Login method for e-Voting and joining virtual meetings for individual Shareholders holding securities in Demat mode CDSL/NSDL is given below:

None of the Directors, KMPs and/or their respective relatives is in any way, concerned or interested, financially or otherwise, in the Resolution mentioned at Item No. 4 of the Notice.

Based on the recommendation of the Audit Committee, the Board recommends the Ordinary Resolution set forth at Item No. 4 of the Notice for approval of the Members.

ITEM NO.5

In accordance with the provisions of Section 148 of the Companies Act, 2013, read with the Companies (Cost Records and Audit) Rules, 2014, the Company is required to appoint a Cost Auditor to audit the cost records of the Company.

On recommendation of Audit Committee, the Board of Directors of the Company at their meeting held on 15th May, 2025 has approved the appointment and remuneration of M/s. Borad Sanjay B & Associates, Cost Accountants, to conduct the Audit of Cost Records maintained by the Company for the financial year ended 31st March, 2026.

In terms of Section 148 of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, remuneration of the Cost Auditor is required to be ratified by the Members of the Company.

None of the Directors, KMPs and/or their respective relatives is in any way, concerned or interested, financially or otherwise, in the Resolution mentioned at Item No. 5 of the Notice.

Based on the recommendation of the Audit Committee, the Board recommends the Ordinary Resolution set forth at Item No. 5 of the Notice for approval of the Members.

ITEM NO.6

The Company is proposing to enter into certain business transactions with related parties as described in this explanatory statement for the financial year 2025-26. All transactions to be entered into by the Company with related parties are in the ordinary course of business and are at arm's length basis and necessary approvals as required in compliance of the provisions under the Companies Act, 2013 ("the Act") / the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("the Listing Regulations") have already been obtained from the Audit Committee/Board.

NOTICE

Pursuant to provisions of Section 188 of the Companies Act, 2013 read with Rule 15 of the Companies (Meeting of the Board and its Power) Rules, 2014, any transaction entered into between the Company and related party whose value increased by 10% of the Annual Turnover or 10% of Net Worth of the Company to be approved by the Members of the Company by way of an ordinary resolution. However, the Company is not required to obtain Board and/or Members approval if transaction(s) below existed at arm's length basis and/or in ordinary course of business.

Pursuant to Regulation 23 of the Listing Regulations (to be extended applicable w.e.f. 01st April, 2023), all Related Party Transactions shall require prior approval of the Audit Committee and all material transactions with related parties shall require approval of the Members of the Company through a Resolution and all related parties shall abstain from voting on such Resolution.

It may be noted that as per the amended definition provided in the explanation to Regulation 23 (3) of the Listing Regulations, a transaction with a related party shall be considered material if the transaction(s) to be entered into individually or taken together with previous transactions during a financial year, exceeds rupees one thousand crore or ten per cent of the annual consolidated turnover of the listed entity as per the last audited financial statements of the listed entity, whichever is lower. The said limits are applicable even if the transactions are in the ordinary course of business of the concerned Company and at an arm's length basis. The amended Regulation 23(3c) of the Listing Regulations has also enhanced the definition of related party transaction which now includes a transaction involving a transfer of resources, services or obligations between a listed entity or any of its subsidiaries on one hand and a related party of the listed entity or any of its subsidiaries on the other hand, regardless of whether a price is charged or not.

Members may importantly note that the Company has been undertaking such transactions of similar nature with the said related parties in the past financial years, in the ordinary course of business and/or on arm's length basis. The maximum annual value of the proposed transactions with below mentioned related parties is estimated on the basis of Company's current transactions with them and future business projections.

The Management has provided the Audit Committee with the relevant details, as required under law, of various proposed RPTs. The Audit Committee, after reviewing all necessary information, has granted approval for entering into RPTs with related parties for an aggregate value as mentioned hereunder in a table to be entered for the financial year 2025-26. The Audit Committee has noted that the said transactions are/will be on an arm's length basis and/or in the ordinary course of business of the Company.

Accordingly and to avoid any conflicts with the applicable law, act, regulations or guidelines relating to arrangements/transactions/contracts/agreements (whether by way of an individual transaction or transactions taken together or a series of transactions or otherwise) of whatever nature (including financial or non-financial transaction(s) with related/interested party(ies) as defined under Companies Act, 2013 or the Listing Regulations or Accounting Standard or other applicable regulations or guidelines from time to time, whether material or not, whether at arm's length basis or not, whether in ordinary course of business or not, the approval of the Members is sought for the matter including arrangements/transactions/contracts/Agreements undertaken whether by way of continuation/extension/revival/modification/ratification by way of passing of an Ordinary Resolution.

The following arrangements/transactions/contracts/agreements which may be entered into by the Company with its related parties, from time to time, defined/below are estimated to exceed the threshold limit as prescribed in the above para and therefore it is consider as material related party transactions. Accordingly, it requires approval of the Company by way of passing of an Ordinary Resolution.

Details of the proposed RPTs between the Company and its Related Parties including the information required to be disclosed in the Explanatory Statement pursuant to the SEBI Circular, are as follows:

NOTICE

None of the other Directors, KMPs and/or their respective relatives is in any way, concerned or interested, financially or otherwise, in the Resolution mentioned at Item No. 7 of the Notice.

The Board recommends the Ordinary Resolution set out at Item No. 7 for the approval of the Members.

ITEM NO. 8

The Company had undertaken an Initial Public Offering ("IPO") in January 2025, pursuant to which it raised a sum of ₹ 2474.90 Lakhs on Gross Issue Proceeds basis and a sum of ₹ 2196.14 Lakhs (net of issue expenses) on Net Issue Proceed basis. As disclosed in the Prospectus dated 6th January, 2025, the IPO proceeds were proposed to be utilised for the following five objects:

Sr. No.	Objects	Total money raised from IPO (Amount in Lakhs)
Object 1	Setting up a new manufacturing facility at Gandhinagar, Dehgam, Gujarat for manufacturing of Batched Copper Wire and 1.6 MM Copper Wire ("Proposed Project")	218.08
Object 2	Funding of capital expenditure for Furnace renovation	186.67
Object 3	To Meet Working Capital Requirements	1292.37
Object 4	General Corporate Purpose	400.23
Object 5	Public Issue Expenses	275.00

As on 28th August, 2025, an approx. amount of ₹ 41.35 Lakhs out of the IPO proceeds (Public Issue Expenses) remains unutilised.

The Company has substantially deployed the IPO proceeds towards the identified objects, except for certain amount that remain unutilised from the object number 5 i.e. Public Issue Expenses. After evaluating the current business requirements, the Board of Directors is of the view that the unutilised funds can be best utilised for augmenting the working capital requirements of the Company, which was already one of the objects stated in the Prospectus.

This variation does not amount to introduction of a new object but represents reallocation of unutilised funds to an existing object of the IPO, thereby ensuring optimal use of funds for growth and day-to-day operations of the Company.

As per the aforesaid provisions of Act and SEBI Regulations, the variation in the terms of utilisation of IPO proceeds requires approval of the Members by way of a Special Resolution.

None of the other Directors, KMPs and/or their respective relatives is in any way, concerned or interested, financially or otherwise, in the Resolution mentioned at Item No. 8 of the Notice except to the extent of their shareholding, if any, in the Company.

Based on the recommendation of the Audit Committee, the Board recommends the Special Resolution set forth at Item No. 8 of the Notice for approval of the Members.

COMPANY'S AFFAIRS AND FUTURE OUTLOOK

The Company is engaged in the business of manufacturing and trading of copper wire and copper wire rods by recycling of copper scrap and other related products, the Company's main products are copper wire and copper wire rods and that are ideally suited for a wide array of applications. These applications include power cables, building wires, transformers, the automotive industry, household cables as well as bare and enamelled wires.

Your Company's income from operations for the year under review was ₹ 138243.37 Lakhs as compared to ₹ 110022.81 Lakhs of that of the previous year whereas its profit before tax stood at ₹ 1491.63 Lakhs vs. ₹ 965.10 Lakhs of previous year. After providing tax of ₹ 383.82 Lakhs in the current year (₹ 252.81 in the previous year) profit after tax increased to ₹ 1097.81 Lakhs from ₹ 712.69 Lakhs in the previous year.

The performance of the Company in terms of overall revenue generation during the period under review is quite satisfactory.

DIVIDEND

The Board is pleased to recommend dividend at the rate of ₹ 6.75/- (or 7.5%) per equity share of ₹ 10/- each for the financial year ended 31st March, 2025, on the paid-up equity share capital of the Company. The dividend, if approved by the Members, will be paid to Members eligible as on the record date, within the period stipulated under the Companies Act, 2013.

If declared, the total amount outflow on account of dividend will be ₹ 114.80 Lakhs subject to deduction of TDS as applicable.

MANAGEMENT DISCUSSION AND ANALYSIS

Global Economic Overview

Globally, 2024 has been an eventful year. The year witnessed unprecedented electoral activity on the political front, with more than half of the global population voting in major elections across countries. Meanwhile, adverse developments like the Russia-Ukraine conflict and the Israel-Hamas conflict increased regional instability.

These events impacted energy and food security, leading to higher prices and rising inflation. Cyberattacks also became more frequent and severe, with growing human and financial consequences due to the increasing digitisation of critical infrastructure. Geopolitical tensions have reshaped global trade. Geopolitical risks and policy uncertainty, especially around trade policies, have also contributed to increased volatility in global financial markets.

Nonetheless, global economic growth has remained fairly moderate. The global economy grew by 3.3 per cent in 2023. The International Monetary Fund (IMF) has projected growth of 3.3 per cent and 3.3 per cent for 2024 and 2025, respectively. Over the next five years, global growth is expected to average around 3.2 per cent, which is modest by historical standards. While the overall global outlook remains steady, growth varies across different regions.

Geopolitical risks remain elevated due to ongoing conflicts, which pose significant risks to the global economic outlook. These risks can influence growth, inflation, financial markets, and supply chains. An intensification of the existing conflicts in the Middle East, or the Russia-Ukraine conflict, could lead to market repricing of sovereign risk in the affected regions and disrupt global energy markets. The oil market is well-supplied for now. However, any damage to energy

BOARD'S REPORT

infrastructure could tighten supply, adding uncertainty to the global economic outlook.

The overall picture is encouraging. Aggregate QoM surpassed its pre-pandemic trend in Q1 FY25, and it now hovers above the trend in the H1 FY25. The agriculture sector remains strong, consistently operating well above trend levels. The industrial sector has also found its footing above the pre-pandemic trajectory. The robust rate of growth in the recent years has taken the services sector close to its trend levels (Source: Economic Survey 2024-25).

Emerging markets such as China and India are expected to show stronger growth in 2025 and in 2026 despite global uncertainties. Even so, economies are expected to stay resilient by adopting new technologies and implementing strategic policy measures.

Indian Economy Overview

India's GDP at constant (2011-12) prices grew by 6.7 per cent and 5.4 per cent in Q1 and Q2 FY25, respectively. This implied a real GDP growth of 6.6 per cent in the first half of the current fiscal.

The moderation in real GDP growth can be traced to a softening of growth in Gross Fixed Capital Formation (GFCF) from 10.1 per cent in H1 FY24 to 6.4 per cent in H1 FY25. Q1 FY25 witnessed a slowdown in capital expenditure across different levels of government on account of the conduct of the general elections. Private sector investment growth may have remained subdued thus far in FY25 on account of the domestic political timetable, global uncertainties and overcapacities.

An additional reason for the slowdown in capital formation growth in Q2 FY25 may have emanated from the moderation in residential investment by households in this quarter, which is on the back of a sharp uptick over the last five quarters. The slowdown in investment activity is likely temporary.

Green shoots in capital formation are visible. Union government capex is up 8.2 per cent in July–November 2024 and is expected to pick up further pace. As India's economy continues to expand, the growth process has been ably supported by stability on fronts such as inflation, fiscal health, and balance of payments.

In gauging the health of the global economy, understanding the trends in inflation is essential. While global inflation peaked in 2022 due to supply chain disruptions and geopolitical tensions, it has declined since then, aided by policy measures. In India, retail inflation eased in FY25 due to timely interventions by the government and the Reserve Bank of India. Core inflation reached its lowest point in a decade, while food inflation was affected by supply chain disruptions and adverse weather conditions.

India's headline inflation, measured by the Consumer Price Index (CPI), has moderated in FY25 (April–December) compared to FY24. This decline is primarily due to a significant decrease in core inflation, which dropped by 8.9 percentage points between FY24 and FY25 (April–December). The RBI and the IMF have projected that India's consumer price inflation will progressively align towards the inflation target in FY26.

To realise its economic aspirations of becoming a \$10 trillion by the time of the centenary of independence, India needs to achieve a growth rate of around 8 per cent at constant prices, on average, for about a decade or two. While the desirability of this growth rate is unquestionable, it's important to recognise that the global environment – political and economic – will influence India's growth outcomes. The projections for India from the lens of the World Economic Outlook (WEO) of the International Monetary Fund as recently as October of FY25 are sanguine. The IMF WEO projects India to become a USD 5 trillion economy by FY28 and reach a size of USD 6,367 trillion by FY38. This translates into an annual nominal growth rate of nearly 10.2 per cent in USD terms for FY25 to FY38. So, the IMF expects India to grow at a significantly higher rate of 10.2 per cent in dollar terms in the next five years.

It may be emphasised that India has made significant strides in promoting renewable energy and boosting domestic manufacturing of renewable energy equipment through initiatives such as the Production-Linked Incentive (PLI) scheme. The PLI scheme aims to enhance India's manufacturing capabilities in key sectors, including solar panels, wind turbines, and battery storage, by offering incentives to domestic manufacturers. The domestic manufacturing efforts under the PLI scheme are expected to significantly support India's renewable energy targets by reducing costs, improving energy security, and boosting employment. Domestic capacities are being built. For now, India sources 25 per cent of lithium-ion batteries from China, and it has near negligible production capacity for key components like

BOARD'S REPORT Contd...

polythene, ingots, and wafers.

Vijai Bhargava 2047 envisions India as a developed nation by 2047, the centenary of our independence. This would entail sustained economic growth of close to 8 per cent every year for at least a decade. To achieve this growth, the investment rate must rise to approximately 35 per cent of GDP, up from the current 31 per cent. Additionally, it will be essential to develop the manufacturing sector further and invest in emerging technologies such as AI, robotics, and biotechnology. India will also need to create 78.5 lakh new non-farm jobs annually till 2038, achieve 100 per cent literacy, develop the quality of our education institutions, and develop high-quality, future-ready infrastructure at scale and speed.

In the global manufacturing space, high-income countries have lost a significant part of their share during the last decade. This was largely gained by the upper middle income countries, mainly based on China's strength. The share of lower middle-income economies did not, in general, increase. Yet, India managed to improve its share in the pie and global presence. However, with 2.6 per cent of the global share in manufacturing, compared to China's 28.8 per cent, India has a large opportunity to climb up the ladder. India also has a substantial scope to improve the contribution of the industrial sector in GDP in relation to its comparator countries [Source: Economic Survey 2024-25].

Industry Structure and Developments

Recently, the global manufacturing is facing a range of challenges, including persistent supply chain disruptions, political instability, pressure to reduce emissions and move towards renewables, increased logistics costs and other effects of regional conflicts. As a result, the global manufacturing output rose modestly by 0.4 per cent only in the third quarter of 2024, compared to a stronger growth of nearly 1 per cent in the previous quarter. Hence, in a rather unsupportive global environment, it calls for lasting, coordinated efforts from all tiers of government, the private sector, the skilling ecosystem, academia and R&D institutions, as well as financial stakeholders to enable India to realise its ambition as a manufacturing powerhouse.

India holds a folk advantage in production and conversion costs in steel and alumina. Its strategic location enables export opportunities to develop as well as fast-developing Asian markets.

Minerals are precious natural resources that serve as essential raw materials for fundamental industries, so the growth of the mining industry is essential for the overall industrial development of a nation. The vast resources of numerous metallic and non-metallic minerals that India is endowed with serve as a foundation for the expansion and advancement of the nation's mining industry. India is largely self-sufficient in metallic minerals including bauxite, chromite, iron ore, and lignite as well as mineral fuels like coal and lignite. The industry has the potential to significantly impact GDP growth, foreign exchange earnings, and give end-use industries like building, infrastructure, automotive, and electricity, among others, a competitive edge by obtaining essential raw materials at reasonable rates.

Rise in infrastructure development and automotive production are driving growth. Power and cement industries are also aiding growth for the sector. Demand for iron and steel is set to continue given the strong growth expectations for the residential and commercial building industry.

Between April 2020-December 2024, FDI inflows in the metallurgical industry stood at ₹ 1,10,062 crore (US\$ 18.06 billion), followed by the mining ₹ 21,525 crore (US\$ 3.58 billion), diamond & gold ornaments ₹ 8,985 crore (US\$ 1.24 billion), and coal production ₹ 115 crore (US\$ 27.73 million).

India's iron ore production increased by 0.10% to 277.83 million metric tonnes (MMT) during FY25 compared to 275 MMT in the same period of FY24.

As per data from the Ministry of Statistics and Programme Implementation (MOSPI), India's mining GDP increased from ₹ 76,877 crore (US\$ 9.25 billion) in the third quarter of FY23 to ₹ 82,580 crore (US\$ 9.95 billion) in the third quarter of FY24.

In September 2022, exports of mica, coal & other ores and minerals including processed minerals stood at US\$ 426.32 million exhibiting growth of 7.31% as compared to September 2021.

Iron and steel imports stood at US\$ 14.17 billion during April-December 2023.

India's domestic apparent copper demand is projected to reach 8.8 - 9.6 million tonnes by FY47, with per capita apparent

BOARD'S REPORT

copper consumption is anticipated to increase from ~1.2 kg in FY24 to 3.4-4 kg, reflecting a 4.5-5 fold growth over 23 years.

Currently, HCL is the only domestic copper miner in India. However, with new copper blocks being auctioned, long-term domestic copper ore production is projected to reach about 21 MT, meeting only 4.6% of domestic concentrate demand. This limited domestic supply underscores India's heavy reliance on copper concentrate imports, making the nation vulnerable to external market fluctuations. Additionally, growing challenges such as resource nationalism, geopolitical tensions, declining ore grades, and a persistent lack of investment are likely to disrupt the global copper trade dynamic. These issues could leave India with few viable options to source copper, even from major exporters like Australia, Chile, Peru, and Zambia.

In FY24 (until January 2024), the combined index of eight core industries stood at 156.1 driven by the production of coal, refinery products, fertilisers, steel, electricity and cement industries.

There is a significant scope for new mining capacities in iron ore, bauxite and coal and considerable opportunities for future discoveries of sub-surface deposits. Infrastructure projects continue to provide lucrative business opportunities for steel, zinc, and aluminium producers. Iron and steel make up a core component for the real estate sector. Demand for these metals is set to continue given strong growth expectations for the residential and commercial building industry.

The Government of India has also helped in the development of the metals and mining sector in India by launching key policy initiatives. The National Mineral Policy, which was approved by the government in February 2019, has ensured improved regulation and enforcement, more transparency, balanced social and economic growth, and sustainable mining techniques. The policy grants industry status to the mining activities and boost private sector funding.

Additionally, it aims to facilitate the merger and acquisition of mining companies, entire private sector involvement in exploration, and permit the transfer of mineral rights created specifically for metals and mining houses. In the future, both increased domestic demand and exports are projected to play significant roles in driving the industry's expansion and its contribution to GDP growth in a post-covid environment. (Source: Economic Survey 2024-25 and <https://www.mef.gov.in/>).

Opportunity & Threats

The metal industry is known for being cyclical and reflective of overall market conditions—demand increases during economic booms and plummets during global recessions. The metal industry went through a low demand phase from 2014 to 2016 due to production that exceeded demand. The longevity of steel/metal products could be attributed as one of the reasons for this low demand. The long life of steel/metal products, a minimum of 10 years depending on the product, pushes the industry to go through a cyclic phase once every 5 to 6 years. China's overproduction of steel worsened this situation, leading to the country dumping its excess inventories in other countries at low prices as a result of decreased domestic demand.

Anti-dumping tariffs are now being imposed by countries such as Europe and the United States to promote local steel/metal manufacturing. However, there are oppositions to such policies because they could disrupt global trade and relationships.

By 2050, global refined copper demand is expected to reach 53 million tonnes (MT) due to rapid urbanisation, infrastructure expansion, and industrialisation. In addition to traditional sectors, increased demand is anticipated from renewable energy, EVs, charging infrastructure, and AI. Despite this growing demand, supply is expected to tighten due to factors such as the recent closure of the Cobre Panama mine and Indonesia's ban on copper concentrate exports. Additional challenges include declining ore grades, environmental oversight, resource nationalism, and escalated operational costs.

The Company believes that niche opportunities exist in the Global arena which we are targeting to exploit resulting in positive growth. The Company has accordingly built a business model tapping these opportunities and is also aligning its strategies to utilize opportunities in the domestic market. The demand of the Company's products is steadily increasing.

The Company is ready to take the challenges of increased demand by continuously adding capacities, investing in up gradation of its manufacturing capacities and also striving to achieve cost efficiencies. With expanding capacity of existing players and emergence of new entrants, competition is a sustained trait for the business of the Company.

BOARD'S REPORT

Strategic initiatives to enhance the brand equity through enhanced marketing strategies along with the value add products and services have been the thrust areas of the Company.

Outlook

Looking ahead to 2025, manufacturers are expected to continue to face a challenging and uncertain business climate due to a combination of higher costs, potential policy changes following the US and global elections, and geopolitical uncertainty. Surveyed manufacturers in NAM's 2024 third-quarter outlook expect raw material and other input costs to grow by 2.7% over the next 12 months.

A study showed that 1.8 million manufacturing jobs could go unfilled over the next 10 years if talent challenges are not addressed. The study also found that roles that require higher-level skills could grow the fastest between 2022 and 2032, and that a combination of technical manufacturing, digital, and soft skills will likely be required. As the enthusiasm surrounding gen AI shifts from "unbridled excitement" to "a more nuanced and official evaluation of its real impact on business outcomes," manufacturers have already made significant investments in AI and gen AI, and this trend is expected to continue in 2025 and beyond.

Given the need to address elevated material and labour costs, an ongoing skills gap, and potential disruptions from geopolitical factors, investments in digital technologies across manufacturing organisations—in other words, the push toward smart operations—is likely to continue in 2025. Falling interest rates and the potential for growth could even accelerate investment. Manufacturers will likely continue to prioritise investments in their digital core and data foundation that can enable targeted, high ROI use cases for cutting-edge technologies such as AI, gen AI, and extended reality (XR) (Source: 2025 Manufacturing Industry Outlook).

The profit margins in the industry are under pressure. The Company is confident to meet the challenges with its strength in marketing network, its strategic planning, Research & Development, productivity improvement and cost reduction exercise.

Internal Control System and their Adequacy

The Company's internal control systems are adequate, operating effectively and are commensurate with the size of business and the same is provided through computer management, implementation of standard policies and processes, maintenance of an appropriate audit program with internal control environment, effective risk monitoring and management information systems. Moreover, the Company continuously upgrades these systems in line with the best available practices.

The Board of the Company has constituted an Audit Committee, which is headed by a Non-Executive Independent Director. The Audit Committee periodically reviews internal audit reports and brings to the notice of the Board any significant process deviations.

Segment/Product Wise Performance

The Company has delivered a satisfactory financial and operating performance for 2024-2025. Your Company's income from operations for the year under review was ₹ 138263.37 Lakhs as compared to ₹ 110622.32 Lakhs of that of the previous year whereas its gross profit stood at ₹ 1491.63 Lakhs vs. ₹ 965.70 Lakhs of previous year. This growth is attributed to our strategic initiatives, investments and market positioning.

The Company operates in a single segment, i.e., manufacturing and trading of copper wire and copper wire rods by recycling of copper scrap and various type of metals, other metallic substances and other related products, the Company's main products are copper wire and copper wire rods and that are ideally suited for a wide array of applications.

Risk and Concerns

Global economic uncertainties have affected India's economy. Key risks synonymous to industry include the global recessionary trend, economic slowdown, increase in financial charges, non-availability (or undue increase in cost) of raw materials, such as metal and labour etc., coupled with market fluctuations. The Company does not apprehend any inherent risk in the long run, with the exception of certain primary concerns that have affected the progress of our

BOARD'S REPORT

Industry in general, like:

- Shortage of Labour
- Rising manpower and material costs,
- Dependency on Suppliers for raw material
- Limited Regional Reach

The Company is exposed to risks from market fluctuation of interest rate, currency and commodities market.

Risk Appetite is driven by the following:

- Health and Safety of our employees and the communities in which we operate are our prime concern and our operating strategy is focused on the above objective.
- All business decisions are aligned to the Code of Conduct of the Company.
- Management actions are focused on continuous improvement.
- Environment and Climate Change impacts are assessed on a continuous basis.
- The long-term strategy of the Company is focused on generating profitable growth and sustainable cash flows that creates long-term stakeholder value.

Analysis of Financial Performance / Discussion of Financial Performance with Respect to Operational Performance

The summary of previous two years financial results is given below:

7	Trade Payables Turnover Ratio	274.55	209.53
8	Net Capital Turnover Ratio	23.40	37.95
9	Net Profit Ratio	0.29%	0.65%
10	Return/Capital Employed	20.36%	20.27%

Positive change of Current Ratio is due to increase in sundry debtors, advance given for the fixed assets and raw materials and decrease in current liabilities.

Negative change of Debt-Equity ratio due to repayment of unsecured loans during the period and increase in Equity due to Initial Public Issue.

Positive change of Debt-Service Coverage Ratio is due to increase in EBITA and reduction of interest expense on account of repayment of unsecured loans.

Positive change of Inventory Turnover Ratio is due to decrease in the inventory level.

Positive change in the Trade Payables Turnover Ratio is due to decrease in Trade payables.

Negative change in the Net Capital Turnover Ratio is due to increase in Net Working Capital.

Positive change in Net Profit Ratio is due to increase in profitability.

Disclosure of Accounting Treatment

The Company has followed the same Accounting Standard as prescribed in preparation of Financial Statements and has complied with the applicable norms and standards.

INDEPENDENT AUDITOR'S REPORT

To,

The Members of

Parneshwar Metal Limited

(Formerly known as Parneshwar Metal Private Limited)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Parneshwar Metal Limited (Formerly known as Parneshwar Metal Private Limited) (CIN:U28999GJ2016PLC001235) ("the Company"), which comprise the balance sheet as at 31st March 2025, and the statement of profit and loss and statement of cash flows for the year ended on that date, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its Profit, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under these Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of other information. The other information obtained at the date of this auditor's report is information included in the Board of Directors' report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that

INDEPENDENT AUDITOR'S REPORT Contd.

give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(b) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decision of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

INDEPENDENT AUDITOR'S REPORT Contd.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2000 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure 'A' statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(2) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except that
 - digital back up of the accounting data was regularly taken, however the same has not been preserved for our verification
 - the company has identified MSME dues based only on the confirmation in that respect provided by the respective vendors.
 - no provision for interest payable, if any, on delayed payments of MSME dues has been made.
 - (c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements materially comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2025 from being appointed as a director in terms of Section 164(2) of the Act except that one of directors was disqualified in post however has obtained order for interim relief from Hon'ble High Court of Gujarat for re-constitution and Dis-franchise of DIN till final outcome of petition.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - (g) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of accounts which has a feature of recording audit trail (edit log) facility and we are informed that the same was activated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.
 - (h) The provisions of section 197 read with Schedule V of the Act are applicable to the Company for the period ended March 31, 2025, and complied as per law.
 - (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

INDEPENDENT AUDITOR'S REPORT *Contd.*

- i. During the period, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(a)(ii) of the Order is not applicable.
11. During the course of our examination of the books of the company carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us:
 - a. We have neither come across any material fraud on or by the company nor we are informed of any such cases by the management of the company.
 - b. As represented to us by the Management, there were no whistle blower complaints received by the Company during the period (and up to the date of this report) while determining the nature, timing and extent of our audit procedures.
 - c. As represented to us by the Management, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADF-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
12. The company is not a Nidhi, therefore the provisions of clause 3(a) of the Order is not applicable to the company.
13. Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the Financial Statements as required by the applicable accounting standards.
14. The Company has a formal Internal Audit system as:
 - a. In our opinion, the Company has an adequate internal audit system commensurate with the size and the nature of its business.
 - b. We have considered, the internal audit reports for the year under audit issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.

INDEPENDENT AUDITOR'S REPORT *Contd.*

15. Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given to us, we report that the company has not entered into any non-cash transaction with directors or persons connected with them as referred to in section 192 of the Companies Act 2013.
16. a. In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934, hence, reporting under clause 3(iv)(a), (b) and (c) of the Order is not applicable.
b. In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2014) and accordingly reporting under clause 3(v)(b) of the Order is not applicable.
17. According to the Financial Statements, the company has not incurred cash losses in the financial year and in the immediately preceding financial year under audit, hence the going concern of this Company is not affected by the same.
18. There has been no resignation of the statutory auditors of the Company during the year.
19. On the basis of the financial ratios, ageing and expected dates of realisation of current assets and payment of current liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.
We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
20. Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, there are no unpaid amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act.

INDEPENDENT AUDITOR'S REPORT *Contd.****ANNEXURE - B* TO INDEPENDENT AUDITOR'S REPORT****Report on the Internal Financial Controls under Clause (i) of Sub Section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the Internal Financial Controls over financial reporting of Parmeshwar Metal Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the period ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on audit of internal financial controls over financial reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on audit of internal financial controls over financial reporting and the Standards on auditing, both issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, in the event applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting with reference to the financial statements and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls over financial reporting includes those policies and procedures that:

- (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorization of Management and Directors of the Company; and
- (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition use or disposition of the Company's assets that could have a material effect on the financial statements.

INDEPENDENT AUDITOR'S REPORT *Continued***Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on audit of internal financial controls over financial reporting issued by the Institute of Chartered Accountants of India.

1 COMPANY INFORMATION

Farneshwar Metal Limited (Formerly known as Farneshwar Metal Private Limited) is a Listed company domiciled in India having its registered office in Dahagam, Gujarat.

The company is primarily involved in the Manufacturing of various types of Copper Wire & Copper Wire Ropes.

During the period covered under audit, the Company has been Listed on BSE SME Platform on 08-January 2025.

2 SIGNIFICANT ACCOUNTING POLICIES**a Basis of Preparation**

The financial statements of the company have been prepared in accordance with generally accepted accounting principles in India. The company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act, 2013 read with paragraph 7 of the Companies (Account Rules, 2014. The financial statements have been prepared on an accrual basis under the historical cost convention. The accounting policies adopted in the preparation of financial statements are consistent with those of previous year.

The Company generally follows Mercantile System of accounting and recognises significant items of income and expenditure on accrual basis. The company follows indirect method prescribed in AS 1 - Statement of Cash Flows for presentation of its cash flows.

The standalone financial statements are prepared in ₹ and values are rounded to the nearest Rupee in lakhs except where otherwise indicated.

b Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make judgements, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period end.

Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes

requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

c Property, Plant and Equipment

Recognition and Measurement : Items of Property Plant and Equipment are measured at cost which includes capitalised borrowing cost, less accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent Measurement : Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

The company identifies and determines cost of each component/ part of the asset separately, if the component/ part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset.

De-recognition : Gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and carrying amount of asset and are recognised in the statement of profit and loss when the asset is derecognised.

d Intangible Assets

Intangible assets are reported at acquisition value with deductions for accumulated amortization and any impairment losses, if any.

e Depreciation and Amortization

Depreciation is provided on fixed assets used during the period as per Straight Line Method (SLM) on the basis of useful life specified in Schedule II of the Companies Act, 2013.

f Impairment of Assets

As per an assessment carried out by the management as on the balance sheet date, there is no indication of any substantial loss on account of overall impairment in the value of the assets. In the

Notes to the Financial Statements for the year ended on March 31, 2025

opinion of the management the assets are likely to recover the value at which these are stated in the accounts, on an overall basis.

g Investment

Long-term investments and current maturities of long-term investments are stated at cost, less provision for other than temporary diminution in value. Current investments, except for current maturities of long-term investments, comprising investments in mutual funds, government securities and bonds are stated at the lower of cost or fair value.

h Inventories

Inventory of raw material is valued at purchase cost on FIFO basis.

Inventory of Imported Goods is valued at its landed cost including import related expenses incurred thereon.

Inventory of Finished goods is valued at lower of cost including underlying raw material and pro-rata overheads incurred thereon OR its Net Realisable value.

Inventory of Stores and consumables is valued at purchase cost thereon on FIFO basis.

Inventory of By-product is valued at Net realisable value.

i Cash and Cash Equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amount of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

j Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Revenue from sale of goods, both manufactured and traded is recognised when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. The company collects Goods and Service Tax (GST) on behalf of the government and, therefore no economic benefits flowing to the company on that account, the same are excluded from revenue.

Revenue by way of income on job work is recognised upon completion of service in that respect.

Interest income is recognised on accrual basis on a time proportion basis taking into Account the Amount outstanding and the rate applicable. Interest income is included under the head "Other Income" in the statement of profit and loss.

k Employee Benefits

Post-employment benefit plans

Defined Contribution Plan : Retirement benefit in the form of provident fund is defined contribution scheme. The Company's contribution paid/payable during the period towards provident fund is recognised in the Statement of Profit and Loss. The Company has no obligation other than the contribution payable to provident fund.

Defined Benefit Plan : Gratuity liability is defined benefit obligation and is provided for on the basis of actuarial valuation on projected unit credit method, made at the end of each financial year. Company's contribution towards gratuity is determined based on actuarial valuation. Actuarial gains or losses for defined benefit plan is recognised in full in the Statement of Profit and Loss in the period in which they occur. Provision has been made in Statement of Profit and Loss for such liability based on the valuation and the same shall be disbursed during the normal course of business of the Company, as and when the same arises.

Compensated Absence

As per policy of the company, its employees are not entitled to carry forward unutilised balance of compensated absence at the end of every year.

l Borrowing Cost

Interest and other borrowing costs in connection with the borrowings of the funds to the extent related/attributed to the acquisition/contraction of qualifying fixed assets are capitalised up to the date when such assets are ready for their intended use and other borrowing cost are charged to profit and loss statement. The amount of interest capitalised for the period is determined by applying the interest rate applicable to appropriate borrowings as per AS-16.

m Foreign Currency Transactions

Transactions in foreign currency are recorded on initial recognition in the reporting currency using the exchange rate as on the date of transaction.

At each balance sheet date, foreign currency monetary items are reported at the closing exchange rate. Non-monetary items that are

Notes to the Financial Statements for the year ended on March 31, 2025

measured in terms of historical cost in foreign currency are not re-translated.

Transaction gain or loss realized upon settlement of foreign currency transactions are included in determining profit/loss for the period in which the transaction is settled.

Material translation loss on the assets and liabilities, being monetary items, denominated in foreign currency and outstanding at the period end, based on the exchange rate prevalent at the period end is recognized as loss during that period.

H Taxation

Current income tax expense comprises taxes on income from operations in India. Income tax payable in India is determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax expense or benefit is recognized on timing differences being the difference between taxable income and accounting income that originate in one period and is likely to reverse in one or more subsequent periods. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Advance taxes and provisions for current income taxes are presented in the balance sheet after offsetting advance tax paid and income tax provision arising in the same tax jurisdiction for relevant tax paying units and where the Company is able to and intends to settle the asset and liability on a net basis.

The Company asserts deferred tax assets and deferred tax liabilities if it has a legally enforceable right and these relate to taxes on income levied by the same governing taxation laws.

I Segment Accounting

The company is engaged in single segment of business i.e. manufacturing and trading in Copper related products. As regards geographical segment, company operates in single segment i.e. India only. Hence, the management has not identified any reportable segment.

J Government Grants

Grants and subsidies from the government are recognized when there is reasonable assurance that the company will comply with the conditions attached to them, and grant/subsidy will be received. Grant received against specific fixed Assets are adjusted to the cost of the Assets and those in the nature of Promoter's contribution are

credited to Capital reserve. Reserve grants are recognized as income on a systematic basis in the Statement of Profit and loss in accordance with the related scheme and in the period in which these are accrued. However, the company has neither received nor recognised any government grant during the period under audit.

K Earnings Per Share

The company reports basic and diluted Earnings per Share (EPS) in accordance with Accounting Standard 20 on Earnings per Share. Basic EPS is computed by dividing the net profit or loss after tax for the period attributable to equity shareholders by the weighted average number of Equity shares outstanding during the period. Diluted Earnings per Share is computed by dividing the net profit or loss after tax for the period (after adjustment for diluted earnings) attributable to equity shareholders by the weighted average number of Equity shares outstanding during the period (after adjusting for the effects of all dilutive potential equity shares).

L Taxes on Income

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 enacted in India. The tax rate and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Deferred tax reflects the impact of current period timing differences between taxable income and accounting income for the period and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. The deferred tax asset is recognized and carried forward only to the extent that there is a reasonable or virtual certainty as the case may be, that the asset will be realized in future.

M Operating cycle for Current and Non-Current Classification

All assets and liabilities are classified as current and non-current as per the normal operating cycle of the Company. Based on the nature of goods supplied to the customers and time elapsed between deployment of resources and realization in cash and cash equivalents of the consideration thereon, the Company has considered an operating cycle of 12 months. The classification has been

Notes to the Financial Statements for the year ended on March 31, 2025

made based on the Management's perception about realizability time line in respect of such assets.

1. Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized when the company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on best management estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best management estimates.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

ii. Corporate Social Responsibility

As per Section 135 of the Companies Act, 2013, a company, meeting the applicability threshold, needs to spend at least 2% of its average net profit for the immediately preceding three financial years on corporate social responsibility (CSR) activities. The areas for CSR activities are eradication of hunger and malnutrition, promoting education, art and culture, healthcare, destitute care and rehabilitation, environment sustainability, disaster relief and rural development projects. A CSR committee has been formed by the Company as per the Act.

v. Related Party Disclosures

The disclosure in respect of the related parties and disclosure in respect of transactions made during the period along with the details of transactions giving name of the related party, nature of relation, nature of transaction, volume of transactions, have been given in the notes forming part of financial statements. The disclosures in that respect made by the management have been relied upon by the Auditor.

w. Prior Period Items

Materials items of income or expenditure pertaining to one or more prior periods have been disclosed in the financial statements in a manner that their impact on the current profit or loss can be perceived.
